A JOB WORTH WHILE

RAISING LOAN QUOTA THING TO BE PROUD OF SAYS PIERCE

NO DOUBT ABOUT RESULT

The Only Question Is How Much More and How Quickly We Are Going to Do It—Some Figures.

Nodaway county's quota of over 1 1/4 million dollars for the Fourth Liberty Loan has seemed excessive to some but Chairman W. C. Pierce of the county campaign committee has an entirely different view. "We've simply got to put the 'pay' in our patriotism," said Mr. Pierce this morning, "and show that we are awake to the needs of our government."

Speaking of the size of the quota Mr. Pierce said "it may seem excessive to some but it only emphasizes the fact that Uncle Sam needs money and needs lots of it. If we had been called on for a small quota we would have looked at it with some indifference and it would not have been any great credit to us to have done something we could do without much effort. On the other hand we are asked to do something really worth while—a job that is worth tackling—and when we put this county over the top with its quota raised we will be proud of the effort we have made and we can tell the world that Nodaway county is right there when it comes to putting over big things. So don't ever get the idea that it is beyond us to do. We've got the money and our ability to give is based on our wealth as indicated by our bank deposits."

"Of course the people of Nodaway county are going to buy the amount, and the only question is how much more and how quickly are we going to do it?"

"Nodaway people are going at this bond-buying proposition in just the same way that our Nodaway boys are going at the Hindenburg in France. We are not going to wait until the fight is over before we get into it, and we are not going to stop at the fixed objective of a million and a quarter any more than our boys stop when they reach the first German trench or German machine gun nest."

To influence the American people to subscribe to the Fourth Liberty Loan the figures of the enormous expenditures of the government in conducting the war have been compiled and made public.

"Since the beginning of the war we have spent for army use for flour, \$37,666,000," the statement declares. "We have spent \$14,000,000 for sugar; \$43,000,000 for bacon; \$12,000,000 for beans; \$9,000,000 for canned tomatoes, and \$3,000,000 for rice."

"We have spent \$126,000,000 for shoes; \$500,000,000 for clothing and \$150,000,000 for blankets."

"Our axes for the army have cost \$6,000,000; our rolling kitchens, \$47,000,000, and field ranges, \$1,500,000. The army is using 2,500,000 shovels that cost \$1 each."

"Our motor trucks to carry supplies

and ammunition cost \$240,000,000, and for horse-drawn wagons and carts we have spent \$7,000,000. Our 279,000 horses and 132,000 mules have cost us nearly \$100,000,000; to feed them has cost over \$60,000,000, and the harness for them nearly \$30,000,000."

HAS THREE SONS IN SERVICE

Boys of Mrs. Carrie Rogers Leave Farms to Join Uncle Sam's Fighting Forces.

Three sons of Mrs. Carrie Rogers, 719 North Walnut street, are serving their country under the stars and stripes, one on the sea, one at the front in France and one, either in the United States or on his way across the water. Mrs. Rogers came to Maryville a little more than a year ago, moving here from Bethany. She purchased the Lee Crossan residence on North Walnut street.

Her eldest son, Loren L. Richardson now on board the U. S. S. Kentucky, Fortress Monroe, Va., was operating his ranch in Wyoming when he answered the call to service. Since June he has been doing convoy duty for the troop ships to France. The second son, Corporal Leander R. Richardson, is with Co. B, 356 Infantry, 89th division, in active service in France. The young man was farming in Harrison county and when the draft was made he sold his stock and farm implements and left with the first contingent to train at Camp Funston. He is in the same company and regiment as the major part of the Nodaway county boys with whom he has become great friends.

The third and youngest son, Harvey D. Rogers has been in his country's service fourteen months and when last heard from was at Camp Mills awaiting embarkation for France. He entered the National Guard training corps at Omaha and later was sent to Camp Cody, Deming, N. M.

The remainder of Mrs. Rogers family includes two daughters, Miss Stella, head of the music department in the public schools of Cameron and Miss Mabel, who is attending the Normal.

EXAMINE CLASS 1 MEN SOON

Registrants Cannot Apply for Re-Examination, Even Tho They Have Appealed, Crowder Rules.

Provost Marshal General Crowder today instructed local draft boards throughout the country to call draft registrants for physical examination as soon as they have been placed in Class 1 by their boards, even though they may have appealed for reclassification to the district board. The examination will be postponed only in case there is also pending a claim for deferred classification on industrial grounds.

Attention of the local boards was called to a new ruling providing that a registrant no longer has the right of applying for re-examination to the medical advisory board after being passed by the examining physician of the local board, as has been the custom heretofore.

Actual induction into the service of those found physically fit will be in accordance with their order numbers as determined by the drawing to be held except in individual cases where local boards receive orders for the voluntary induction of certain registrants at the request of the army, navy or marines.

Baker was unable to attend on account of heavy work in connection with his bank due to the recent leaving of Cashier E. E. Williams.

Instead of a separate campaign or drive for funds for War Work for each organization, the Young Men's Christian Association, the National Catholic War Council, (Knights of Columbus in Missouri), the Young Women's Christian Association, the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army, seven in all, have at the request of President Wilson organized for a combined campaign or drive to be known as the United War Work Campaign.

George B. Baker who was district chairman of District No. 1 in the last Y. M. C. A. Campaign, has been made a member of the state campaign committee having in charge the direction of the campaign for the seven organizations above named. S. G. Gillam has been selected as chairman of District No. 1 and A. Neil Somerville as campaign director for the district. BULGARIA MAKES PROPOSAL TO ENTENTE POWERS

AS BERLIN SEES ACTION

Will Cause Dissatisfaction.—Strong Military Measures Have Been Taken to Support Battle Front.

London, Sept. 27.—It is officially reported from Germany that Bulgaria has proposed an armistice to the Entente Powers, said an Exchange Telegraph dispatch from Copenhagen this afternoon. The dispatch added that it had been learned in Berlin that Premier Malinoff of Bulgaria, made the offer without the support of other members of the cabinet or of King Ferdinand. It is claimed by Berlin that this action will cause great dissatisfaction in Bulgaria and that strong military measures have been taken to support the Bulgarian battle front.

Zurich, Sept. 27.—International conditions in Bulgaria have reached the maximum of gravity and the cabinet has been in continuous session at Sofia since last Sunday, according to advices here.

London, Sept. 27.—On the center of the Balkan front the Allies advance is being kept up and it was learned this afternoon that the Serbian calvary was only ten miles from Uskub, the big Bulgarian base. Another Serbian detachment is advancing northward along the Bargalnitza valley, while the British forces are moving up on the Strumitza river in Bulgaria, menacing the whole front left wing around the Bulgarian army. The French and the Greeks have crossed the mountain range at Gradetz and are progressing on the upper reaches of the Trivscakazita river.

London, Sept. 27.—The main line of communication supplying the Bulgarians on the whole front from Dolran to Monastir has been cut by the Allies. The Bulgarians are falling back on the Strumma river also. The Serbians have advanced seventy miles entering Kotsana and Ishth and capturing the important point at the support of Belkamen.

Washington, Sept. 27.—The state department is without any official word regarding the Bulgarian armistice offered and reports are received here with some reserve by officials.

Take 16,000 Prisoners In Latest Hun Smash

The Americans Have Captured All the Second German Positions On the Hindenburg Line in Montfaucon Sector and Are Still Advancing

GREAT ALLIED VICTORY GROWS

THE FRENCH ATTACKING NORTH OF VERDUN ADVANCED OVER THREE MILES ON A 20-MILE FRONT, TAKING 7,000 PRISONERS THE FIRST DAY.

BRITISH NEARING QUENTIN AND CAMBRAI

Haig's Army Is Advancing Against the Enemy Over a Thirty Mile Front South of the Senee River, and Making Good Progress.

With the American Army in France, Sept. 27.—All the second German positions on the Hindenburg line in the Montfaucon sector have been captured by the Americans who passed beyond them. The drive is progressing. The Americans have advanced beyond the region of Nantillois. The Germans have withdrawn most of their heavy artillery from the Montfaucon district. The number of prisoners taken by the French and Americans is reported to be 16,000.

Paris, Sept. 27.—The French that attacked in the Champagne district continued the American drive in Argonne forest and north of Verdun advanced more than three miles over a front of more than twenty-one miles. The extent of the great Allied victory is growing. The French captured 7,000 prisoners the first day of the battle. Gen. Pershing put the number of prisoners taken by the Americans as over 5,000. The assault was renewed this morning along the whole front and despite bad weather the French and American forces are plowing ahead through the mud and meeting with stubborn resistance from the enemy.

Among the places taken are Gerecourt, Cuisy, Montfaucon, Cheppy and Varennes, all northwest of Verdun.

The number of prisoners taken by the French is increasing steadily. They are filing back by all roads in groups of from a score to several hundred. Among them there is a larger proportion of very young men than heretofore taken. Some of the captives are recruits of the 1920 contingent.

They are leaving behind them scores of burning villages. Thirty had been observed in flames up to noon today. Even this additional and unjustifiable devastation can scarcely add to the desolation that has been spread all over this sharply disputed ground.

Washington, September 27.—Missouri, Kansas and Pennsylvania troops of Major General Liggett's corps are in the big drive today.

They are given credit in General Pershing's statement for taking four towns by storm.

London, Sept. 27.—Following closely on the heels of the great American blow west of the Meuse river, the British launched a new drive on a wide front south of the Senee river today, the war office announced. (The Senee river lies in the region east of Arras between the Picardy and the Flanders fronts. General Haig's new blow there is a part of the great turning movement against Cambrai).

The war office stated that all reports indicate that satisfactory progress was being made. Gains were also made by the British in the neighborhood of Arleux, northwest of La-Basse and southwest of Fleurbaix.

London, Sept. 27.—The new British drive south of the Senee river was begun over a front of thirty miles according to information this afternoon. The pressure of this blow centers on Cambrai and St. Quentin. The British crossed the Canal du Nord all the way from Havrincourt to the Scarpe river

Nodaway county will not be allowed to have any Illinois coal this year because Illinois will have to send an unusually large amount of coal to Michigan, which needs Illinois soft coal, because it cannot get Pennsylvania hard coal, of which an unusually large amount is needed because of active industry in the middle Atlantic and New England states.

The Charmettee, Maud Muller, on a summer's day. Raked the meadow, sweet with hay. The hay was deep, the weather warm. She wore her booful uniform. A thirty-six—a perfect fit. There was no doubt it made a hit. All day the farm hands stood around And watched Maud manœuvre the ground.

The only work done on that land Was done by Maud, we understand. While Maud raked up that meadow plot Efficiency was clean forgot. The hired men will ne'er forget The year they met the charmerette.

DECLINES TO GET OFFTICKET

Cole County Candidate Will Test McAdoo's Order That Railroad Men Must Keep Out of Politics.

Jefferson City, Mo., Sept. 27.—A test is going to be made in Missouri regarding the order of Director General McAdoo requiring all railroad employees to keep out of politics. Acting on the advice of the State Federation of Labor William R. Turbit, Republican nominee for a seat in the lower house of the Missouri legislature from Cole county, has declined to get off the ticket. He is foreman of the machine shops of the Missouri Pacific here, and is supposed to be directly affected by McAdoo's order. Much interest is attached to the next move, and it is clearly up to the Director to make it.

The order issued by McAdoo provided in a general way that all employees of the railroads now being operated by the government must cease political activities or sever their connections with the railroads. It was said that the only positions a railroad man could aspire to without violating the order would be a membership in a school board or a public park board.

ROBERT GROPPE IMPROVING

Is Transferred to American Hospital and Enjoys the Change.

Robert Gropp, the son of Mr. and Mrs. Peter Gropp, who has been in the English hospital for the past three months nursing two broken arms as the result of an accident on the aviation field, is sufficiently recovered to write a good letter home.

Tottenham, London, Sept. 2.

Dear Mother and Father: Well, I am going to write from here but I don't suppose I'll be here long. I am in an American hospital now and it sure seems good to be among my own people again. My arms are doing fine as is everything else. I'm beginning to put on weight again and its about time I did for I had lost all I put on since I came to England.

You ought to see me in my new hospital uniform. It is dark blue pants and coat and vest white shirt and red tie. They look alright and feel a lot better than the army clothes. One of the boys took a couple of pictures of me while I was in bed. I didn't send them at first but now that I am up and moving I'll send one of each, don't you think my hair (what is left of it) looks good? It grows a lot now tho. My mail is in an awful mix up over getting into the hospital. I haven't had a letter in a long time but I suppose it will all come in a bunch.

Ten Years Are Back of Every Shot That Sinks A Battleship

Out on the firing line there is no time to train a gunner how to shoot. Seconds count—the first well placed shot often decides the day. Back of that shot are years of shipbuilding, years of crew training.

BUSINESS is a battle between keen, ambitious, busy minds, trained in the hard school of experience. And back of every successful business is an ideal and planning—constant planning to more perfectly attain the ideal.

In the battles of the business world quick action wins the day—plus the planning, studying, training, with which that action is directed.

Individuals have long since learned that "personal appearance" is an important factor in winning business battles. The executive who "has arrived"—the young man with ambition and "fight" to succeed, pay careful attention to clothes buying.

They know that the right kind of clothes—suits and overcoats that have style, that fit, and are so well made that they retain their shape—are their business ammunition with which to win business battles.

These men to whom we recommended SOCIETY BRAND and STEIN-BLOCK clothes a number of years ago are buying them from us today.

And numbered among our regular customers are many who have gone over the top many times in the business world. They are known today as successes.

We like to recommend SOCIETY BRAND and STEIN-BLOCK clothes to red blooded men of all ages and it will be a pleasure to have you call and try on a Fall suit or overcoat.

You'll leave the store with the garment on, and if it's your first Society Brand or Stein-Block you'll find it an asset—good ammunition for your business battles.

A Fall and Winter Style Book on request.

WILL DO WAR RELIEF WORK

Miss De Luce of Normal, Named Chairman of Nodaway Alumnae, an Organization of College Women.

Miss Olive De Luce, head of the art department of the Normal, has been appointed chairman in Nodaway county of the Association of Collegiate Alumnae, an organization among college women for the purpose of doing war relief work and aiding in all national and local war work.

The women eligible to full membership are those holding degrees in arts, science, letters or philosophy from institutions on the accepted list of the association and they may hold memberships, either as a branch or general member.

Women who are not eligible to full membership but who have had a year of academic work in a college having a four years' course and granting an A. B. degree may be elected to associate membership in a branch if the branch so desires.

Miss De Luce expects to start the organization of a Maryville chapter as soon as the women are familiar with the work and aims of the association. The officers at large are Mrs. Lois Kimball Matthews, Madison, Wis., president; Mrs. John H. Huddleston, New York City, vice president; Mrs. Gertrude S. Martin, Ithaca, N. Y., executive secretary; Mrs. Katherine P. Pomerooy, Chicago, treasurer.

"VOLUNTEER DAYS"

BOND BUYERS URGED TO SUBSCRIBE UNASKED SEPT. 28-29.

SHOW AMERICAN SPIRIT

Volunteering, Too, Means Every Sort of Unsolicited Service to Make the Loan a Success.

One of the principal reasons why the Liberty Loan organization has designated September 28 and 29 as "Volunteer Days" is to give a final and definite answer to the German claims that America is not solidly behind the war. It is expected that the subscriptions, great and small, to the country's call for funds on those two days will furnish a reply which will be like a blow between the eyes to the kaiser and his advisors.

Thousands of prospective subscribers to the Fourth Liberty Loan have signified they want the satisfaction of applying for their quotas without solicitation. They can display their patriotism more effectively by coming forward unasked and signing up than waiting for the solicitor.

Sunday, Sept. 29, clergymen of all denominations will make strong appeals to their congregations in favor of the loan. Their theme will be the necessity of backing up our warriors in France by supplying the financial requirements of the government. Exhortations for the day will be to save soldiers rather than souls.

Business houses are encouraging their employees to swell the number of subscriptions on the two volunteer days. A mighty impetus is expected to be given to the entire drive by example of the thousands who will surge forward to set example for the millions who will constitute rank and file of buyers of the new loan.

It is expected that schools throughout this district and over the entire country will feature the two-day period of preliminary subscriptions. Teachers and principals will explain the meaning of the movement, and emphasize the significance of going over the top early with subscriptions. Children will be urged to impart to parents and friends the news of the volunteer days.

Volunteering on the two days does not only mean specifically buying bonds, but as well includes giving every sort of unsolicited service to make the loan a success. Every man, woman and child in the country should become a working unit to boost subscriptions. Everyone is expected to tell to his friends all he knows good about Liberty bonds as an investment and a patriotic service and to leave no stone unturned to promote their sale.

High officials in the loan organization believe the two volunteer days will be an important factor in making the present issue a popular one. Every volunteer will feel a personal interest in the outcome for the main reason that he has done something to attain that great object. Progress during the heated days of solicitation will be closely watched by those who were initial and volunteer workers, and until the full amount asked by Uncle Sam is fully in bank and is available for the needs of our boys in France and the other fighting lines.

ALLEN BROS. have moved their office and are now located in Robinson building at corner of 4th and Main. 27-30.
